

FortiDB™

Database Security and Compliance

Automated Security and Compliance

The FortiDB family of appliances and software delivers a complete Database and Application security product line. It delivers centrally managed security, audit policy compliance and vulnerability management (VM) for data and applications across your extended enterprise. FortiDB enables you to meet the challenges of increasing access to your business-critical data in ERP, CRM, or SCM systems while decreasing the threat of data breach. Its sophisticated database activity monitoring (DAM) and advanced reporting automatically documents your policy compliance with internal policies as well as government or industry regulations such as PCI-DSS, SOX, Basel II, GLBA, and HIPAA.

Comprehensive Monitoring

FortiDB enforces acceptable use policies and alerts on database security threats. It continuously monitors all access to personally identifiable data (PID) residing in your databases. FortiDB's full-featured monitoring and auditing technology manages critical policy issues such as change control, internal controls, privileged user monitoring, and privacy protection as well. Its change control features keep track of all changes related to database structures and users. This includes both Data Definition Language (DDL) and Data Control Language (DCL). In addition to native audit, FortiDB allows customers to collect database audit information through agents or a network sniffer.

Detect Weaknesses Automatically

FortiDB's Vulnerability Management features automatically detects new security weaknesses, policy noncompliance. In addition there is a Discovery function that detects the addition of new databases to your network. FortiDB appliances and software ship with hundreds of pre configured policies that address industry and governmental requirements, as well as security best practices. They include a comprehensive set of standards-based reports that provide specific, actionable information. The FortiGuard Global Threat Research Team provides dynamic policy and signature updates. This industry-leading research and remediation advice enables you to strengthen the integrity and security of your databases quickly and effectively.

FortiDB Eases Regulatory Compliance

- ✓ Sensitive data discovery; aids in PCI-DSS compliance
- ✓ Periodic scan of every Database in your network
- ✓ Built-in best practices for regulations such as SOX
- ✓ Flexible deployment and web-based management
- ✓ Flexible audit data collection methods - native auditing, network sniffer or light-weight agents
- ✓ Independent and secure audit storage
- ✓ Comprehensive Audit/Compliance reports
- ✓ Automated policy updates by FortiGuard services
- ✓ Periodic updates from FortiGuard

Features	Benefits
Centralized policy configuration and enforcement	Simplifies the creation and enforcement of data protection policies, which reduces the risk of data loss while increasing policy compliance.
Vulnerability management	Provides valuable remediation advice after security weaknesses had been discovered in various databases, and discovers sensitive data in databases.
Captures all types of database activities (Selects, DMLs, DDLs and DCLs)	Captures database activities, either utilizing the native audit, network protocol agents, or network sniffers. Alerts can be sent via SNMP, SMTP and SYSLOG to SEIM products.
Automation of compliance	Captures audit data from heterogeneous environments for automated compliance reporting
Supports virtualized environments	Ensures comprehensive policy compliance enforcement in both virtualized and standard environments

The FortiDB Family

FortiDB	FortiDB-400B	FortiDB-1000C	FortiDB-2000B
Hardware Specification			
Security Hardened Platform	Yes	Yes	Yes
Number of Licensed Database Instances	10	30	60
10/100/1000 Interfaces	4	4	4
RAM	2 GB	3 GB	4 GB
Number of Hard Drives	1	1	1
Total Hard Drive Capacity	500 GB (1 TB option)	1 TB (2 TB option)	1 TB (6 TB option)
Storage Key (Boot Image)	1 GB Compact Flash	1 GB USB	1 GB USB
Redundant Hot Swappable Power Supplies	No	No	Yes
Hardware Form Factor	Rack Mount (1-RU)	Rack Mount (1-RU)	Rack Mount (2-RU)
Dimensions			
Height	1.7 in (4.5 cm)	1.69 in (4.3 cm)	3.5 in (8.9 cm)
Width	17.25 in (33.7 cm)	17.09 in (43.4 cm)	17.5 in (43.8 cm)
Length	14.5 in (36.8 cm)	24.7 (62.71 cm)	27.5 in (69.8 cm)
Weight	10 lbs (4.5kg)	24.2 lbs (11 kg)	55.3 lbs (25.1 kg)
Environment			
AC Power Required	100 – 240 VAC, 50 – 60 Hz, 4.0 Amp (Max)	100 – 240 VAC, 50 – 60 Hz, 7 Amp (Max)	100 – 240 VAC, 50 – 60 Hz, 9.4 Amp (Max)
Power Consumption (AVG)	121 W	189 W	317 W
Operating Temperature	32 – 104 deg F (0 – 40 deg C)	32 – 104 deg F (0 – 40 deg C)	50 – 94 deg F (10 – 35 deg C)
Storage Temperature	-31 to 158 deg F (-35 – 70 deg C)	-40 to 149 deg F (-40 – 65 deg C)	-40 to 149 deg F (-40 – 65 deg C)
Humidity	20 to 95% non-condensing	5 to 95% non-condensing	20 to 80% non-condensing
Compliance			
	FCC Class A, CE, UL/CB/CUL	FCC Class A Part 115 / CE Mark	FCC Class A Part 115 / CE Mark
Supported Platforms			
Database	DB2 UDB V8 (VA only), DB2 UDB V9.x (VA only), DB2 UDB V9.5, MS SQL Server 2000, MS SQL Server 2005, MS SQL Server 2008, MySQL 5.1, Oracle 10 gR1 (VA only), Oracle 10gR2, Oracle 11g, Sybase ASE 12.5 (VA only), Sybase ASE 15.x		
Repository Database	Apache Derby 10.x, Microsoft SQL Server 2005, Microsoft SQL Server 2008, Oracle 10gR2, PostgreSQL 8.3		
Browser	Internet Explorer 7.x, Firefox 3.x		

FortiDB Software

Fortinet also gives you the ability to deploy FortiDB database security software on a range of software platforms. You can install FortiDB on Red Hat Linux, AIX, Solaris 10, Windows XP/Vista, Windows Server 2003, as well as virtualized environments. FortiDB software delivers the same centralized policy management for vulnerability management and database activity monitoring as FortiDB appliances.

Complete Security Solution

FortiDB is part of Fortinet's comprehensive portfolio of security gateways and complementary products that deliver a powerful blend of integrated multi-threat protection, ASIC-accelerated performance, and constantly updated, in-depth threat intelligence.

This unique combination delivers the highest level of network, content, and application security for organizations of all sizes, including managed service providers and telecommunications carriers. Fortinet's integrated approach improves your security posture while reducing your total cost of ownership and providing you with a flexible, scalable path for expansion.

The Fortinet portfolio includes:

- FortiGate® Network Security
- FortiAnalyzer™ Centralized Reporting
- FortiMail™ Messaging Security
- FortiManager™ Centralized Management
- FortiClient™ Endpoint Security
- FortiWeb™ Web Application Security
- FortiScan™ Vulnerability Management

Ordering Info		
Product	SKU	Description
FortiDB-400B	FDB-400B	FortiDB 400B. Includes license for 10 database instances.
	FC-10-D0400-135-02-DD	FortiDB Security Service (DBS)
FortiDB-1000C	FDB-1000C-E07S	FortiDB-1000C, includes license for 30 database instances, 4 10/100/1000 ports, 1TB HDD.
	FC-10-D1001-135-02-DD	FortiDB Security Service (DBS)
FortiDB-2000B	FDB-2000B-EMS01	FortiDB 2000B, Includes license for 60 database instances.
	FC-10-D2000-135-02-DD	FortiDB Security Service (DBS)

FortiGuard® Security Subscription Services deliver dynamic, automated updates for Fortinet products. The Fortinet Global Security Research Team creates these updates to ensure up-to-date protection against sophisticated threats. Subscriptions include antivirus, intrusion prevention, web filtering, antispyware, vulnerability and compliance management, application control, and database security services.

FortiCare™ Support Services provide global support for all Fortinet products and services. FortiCare support enables your Fortinet products to perform optimally. Support plans start with 8x5 Enhanced Support with "return and repair" hardware replacement or 24x7 Comprehensive Support with advanced replacement. Options include Premium Support, Premium RMA, and Professional Services. All hardware products include a 1-year limited hardware warranty and 90-day limited software warranty.
